Pale-Faced Women

You ladies, who have pale faces, sallow complexions, dark circles under eyes, drawn features and tired, worn-out expressions, you need a tonic.

The tonic you need is Cardui, the woman's tonic. It is the best tonic for women, because its ingredients are specifically adapted for women's needs. They act on the womanly organs and help to give needed strength and vitality to the worn-out womanly frame.

Cardui is a vegetable medicine. It contains no minerals, no iron, no potassium, no lime, no glycerin, no dangerous, or habit-forming drugs of any kind. It is perfectly harmless and safe, for young and old to use.

Take CARDUI
J 43

The Woman's Tonic

"After my doctor had done all he said he could for me," writes Mrs. Wm. Hilliard, of Mountainburg, Ark., "I took Cardui, on the advice of a friend, and it helped me so much. Before taking Cardui, I had suffered from female troubles for five years, but since taking it, I am in good health. I think there is some of the best advice in your book that I ever saw." Your druggist sells Cardui. Try it.

The Cough and the Cure

Coughs will come, and, if there is nothing at hand to cure them with, they are quite apt to become neglected until they are firmly seated. Every neglected cough means danger. Better get at once a bottle of

REXALL CHERRY BARK COUGH SYRUP!

And have it on hand. It is the ideal family cough cure, good for young or old, and its merit has been proved by years of use.

Effective Home Remedy for Tuberculosis

It is a serious matter when the lungs are affected. A trip away or to a sanatorium is not only tremendously expensive, but it involves separation from home and friends. Some are benefited but none can safely return. Eckman's Alternative is effective—no leaving home necessary. For example:—
Gentlemen: "In the Fall of 1905, I contracted a very severe cold which settled on my lungs. At last I began to raise sputum and my physician then told me I must go to California. Immediately at this time I was advised to take Eckman's Alternative. I stayed at home and commenced taking it the last week in October. I began to improve, and the first week in January, 1906, I resumed my regular occupation, having gained 25 pounds, fully restored to health. It is now five years since my cure has been effected and I cannot praise Eckman's Alternative too highly. I have recommended it with excellent results."
(Signed) W. M. TATEM.
Eckman's Alternative cures Bronchitis, Asthma, Hay Fever, Throat and Lung Affections. Ask for booklet of cured cases and write to the Eckman Laboratory, Philadelphia, Pa., for additional evidence. For Sale by all leading druggists and J. James Wood & Son in Maysville.

The Democratic Landslide

The Democrats gained six Congressmen in Ohio.

Covington voted in favor of the "commission form."

Governor Harmon's majority in Ohio may reach 100,000.

In Rhode Island, Senator Aldrich's successor will be Republican.

Victor L. Berger, Socialist, was elected from the Fifth Wisconsin District.

Bennett's majority over Fields in Boyd county is 507. In 1908 it was 975.

Congressman Nicholas Longworth, Republican, re-elected in Cincinnati by 2,964.

Lexington went Republican, and The Leader says they had a decent election at last.

At Covington, \$100,000 park bond issue carried, as did \$1,000,000 park bond issue in Cincinnati.

Now the Republican party can get together and win one of its glorious victories in 1912.—Mayor Schwab of Cincinnati.

General J. Warren Keifer concedes his defeat in the Seventh Ohio District to J. D. Post, Democrat, by a plurality of about 3,225.

In the State of Washington the woman suffrage amendment to the constitution seems to have carried by a majority of two to one.

Kenton county and the city of Covington were swept clean by the Democrats and the entire ticket was elected by a handsome majority.

In Newport, the Republicans swept the platter clean. They elected the entire city ticket, the Democrats not getting a man for either of the Boards.

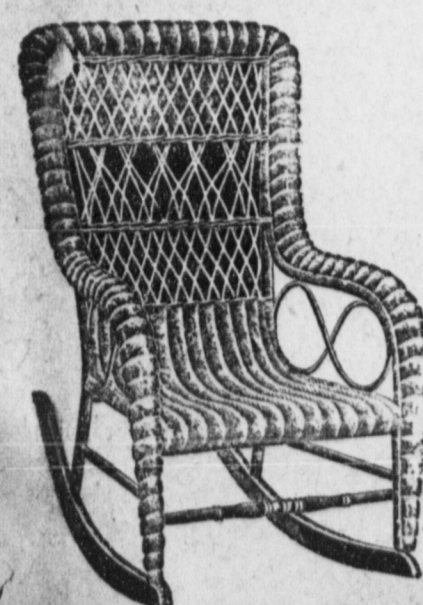

It is indicated that the next Ohio Legislature is Democratic on joint ballot and will elect a Democrat to succeed Charles Dick in the United States Senate.

While stand-pat Republicans were slaughtered by the voters in droves, nearly every progressive candidate came across the line a winner. The progressives will control the next House.

At Buffalo, N.Y., Norman E. Mack, Chairman of the Democratic National Committee, voted the straight Republican ticket. It was an error, as he pulled the wrong lever of the voting machine.

The feeling against the ex-President was further manifested in his own county of Nassau, which in 1908 gave Hughes a plurality of 3,500 and Taft a plurality of 4,500, but Tuesday was virtually obliterated.

Six villages, with a combined population of about 13,800, voted to become a part of Cincinnati by annexation. The villages are Madisonville, 5,000; Carthage, 3,500; Saylor Park, 1,000; Mt. Washington, 1,000; Mt. Airy, 600; College Hill, 2,000. The 13,800 estimated population, added to the city by annexation will bring the total population of Cincinnati up to 378,368.

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Looks like TEDDY was "beaten to a fizzle."

Without protection, factories stop. That was learned during the years in which the Democratic Mills and Wilson Tariff laws were in force.

THE Bohemian city of Prague, which has a population of half a million, claims not to have lost a life by fire in 15 years and points to its building laws as the reason.

THE fact that many articles in the free list of the Tariff have increased in price much more than some of the protected articles since the new Tariff was enacted, is something which the Free Trade newspapers prefer not to discuss, and so they discreetly ignore the fact and say nothing.

WE claim that the Democratic party is a party of riot and ruin, that the definition of American Democracy as a political organization, means blight and paralysis, and that wherever Democracy rules, failure follows, simply because the great party is not founded upon principle, patriotism and constructive economy, but is founded solely upon sentiment. The Democratic party is not a party of initiative legislation and leadership and its actions are devoid of the originality of practical statesmanship that blazes the way for the universal progress and prosperity of its country's teeming millions where one half works for money and the other half worries over their money.

A Democrat's Estimate of the Democratic Party

We hear a great cry about "the great Democratic party."

What did the Democratic party ever do, in

the last half century, at least, to merit it the popular recognition as the "people's party?"

It never has been a party of constructive Nation-building. You say it never had a chance. But there is another reason:

The public credit, National honor and commercial prosperity, all tremble at the word "Democracy."

BUSINESS has no confidence in the Democratic party because it *undoes things.*

To back up what we say and what we mean we below give you the testimony of a Democratic Senator, T. P. GORE of Oklahoma, who, in a speech delivered at Dallas, Texas, in 1896, said:

"The trouble with the Democratic party is it is a party of statesmen without statesmanship, patriots without patriotism, heroes without heroism."

"Their policy begets farmers without farming, laborers without labor, freemen without freedom."

*"The Fifty-second Congress had a Democratic majority of 148, and if it redeemed a single pledge, observed a single promise, kept a single command or discharged a single obligation made to the people of the United States I will quit the stump and retire from the canvass. ****

"The Fifty-second Congress was elected on retrenchment and economy, the free coinage of silver and the repeal of the McKinley Law. In the matter of economy that Congress exceeded the Republican \$1,000,000,000 Congress by \$40,000,000."

Is there any Democrat who will attempt to deny a single assertion above made?

The best any Democrat can do is to apologize for what his party hasn't done and to make heroic promises of what "the great Democratic party" is going to do "if" (?) it ever gains supreme control at Washington.

RUNAWAY

This morning at 9:40 o'clock a horse attached to Schwartz's meat wagon ran off in front of the store, corner of Sutton and Second. The horse started on a wild run up Sutton street, and in passing over the steps at the foot of the Hill the wagon bounced ten feet in the air, throwing a calf in the wagon out on the ground. The pull up the steep incline was too much for the animal and he stopped before reaching the top.

ABOUT 950

Is the Size of Fields' Majority Over Judge Bennett in the Ninth District

A special to THE PUBLIC LEDGER from Vanceburg at 9:30 this morning says the majority of Fields over Bennett is about 950 in the District.

Special sale Saturday, Traxel's home-made taffy 10 cents pound. This includes our celebrated New England Peanut taffy.

A Mr. Fryman was here yesterday, having hauled a load of tobacco forty miles from the wilds of Rowan county. While here he invested some of his tobacco money with several of our merchants.

Mr. C. M. Browning, the ubiquitous traveling man, was here yesterday and as might have been expected rain followed soon after his arrival. Clint thinks he had something to do with Tuesday's landslide as well.

COAL HEAVERS

In the Police Court yesterday afternoon Andy Craig, Jake Jones, Jess Williams, William Allen, Frank Price, Mary Pleasant and Bertha Carroll were arraigned before Judge John L. Whitaker charged with stealing coal from C. and O. cars in the West End Yards. They were recognized in the sum of \$50 each for appearance at the next term of the Mason Circuit Court. Detective Rice, who made the arrests, says there is more coal stolen off the cars during the passage of trains through Maysville than at any other point between the mines and Cincinnati.

Yesterday Bryant & Kirk shipped two carloads of choice cattle over the L. and N. to the Cincinnati market.

In the County Court proceedings yesterday Mrs. Hary Patterson was exonerated on \$1,420 of a \$2,000 assessment erroneously assessed against her.

"GAS LIGHT TALKS" END

The interesting "Gas Light Talks" end with "No. 52" in today's LEDGER. Mr. Edward A. Lyman, the gifted and versatile newspaper man who is the author of the "Talks," is employed in this special line of advertising work by the C. W. Lee Company of New York, where Mr. Lyman returns today. During his brief stay in Maysville Mr. Lyman has proved himself a gentleman of culture, grace and intelligence, and he leaves here with the very best wishes of all who have known him, especially THE PUBLIC LEDGER force, whose association with him have been both pleasant and profitable.

AN EARLY MORNING ACCIDENT

Mr. Charles Ingram and Mr. Thomas Heflin of Wedonia had a fortunate escape from serious bodily injury this morning about 7 o'clock. They were driving to this city, intending to take a train for Cincinnati on a business trip. A short distance this side of Wedonia their horse frightened at a passing automobile, and becoming unmanageable, dumped the whole outfit over an embankment. Messrs. Ingram and Heflin were caught underneath the buggy and were in a perilous position until rescued by the man driving the machine and others. They were not hurt beyond scratches and bruises. The buggy was completely demolished, and the horse ran to the intersection of Lexington street and the Fleming pike, where he was caught. No blame is attached to the driver of the machine, as he was proceeding cautiously and had really passed the buggy when the accident occurred, and immediately went to their rescue and brought them to this city.

Patriotism

The stomach is a larger factor in "life, liberty and the pursuit of happiness" than most people are aware. Patriotism can withstand hunger but not dyspepsia. The confirmed dyspeptic "is fit for treason, stratagems and spoils." The man who goes to the front for his country with a weak stomach will be a weak soldier and a fault finder.

A sound stomach makes for good citizenship as well as for health and happiness.

Diseases of the stomach and other organs of digestion and nutrition are promptly and permanently cured by the use of

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY.
It builds up the body with sound flesh and solid muscle.

The dealer who offers a substitute for the "Discovery" is only seeking to make the little more profit realized on the sale of less meritorious preparations.
Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper covered book, or 31 stamps for the cloth bound. Address World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

WHEN HER BACK ACHES.

A Woman Finds All Her Energy and Ambition Slipping Away.

Maysville women know how the aches and pains that come when the kidneys fail, to make life a burden. Backache, hip pains, headaches, dizzy spells, distressing urinary troubles, all tell of sick kidneys and warn you of the stealthy approach of diabetes, dropsy and Bright's disease. Doan's Kidney Pills permanently cure all of these disorders. Here's proof of it in a Maysville woman's words:

Mrs. John Burns of Maysville, Ky., says: "I value Doan's Kidney Pills just as highly today as when I gave a statement for publication in their favor some years ago. I was subject to attacks of kidney trouble and at times the pain in my back was so acute that I was confined to my bed for days. The prompt relief I received from Doan's Kidney Pills, procured at J. J. Wood & Son's Drugstore, was very gratifying, and during the years which have since elapsed, I have had no serious return of kidney trouble. On some occasions, I have felt a slight backache, but a few doses of this valuable remedy have never failed to ward off any bad attack."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—take no other.

The weather: Rain and colder.

Mrs. Fred Power and her interesting family of five children arrived here yesterday after their long journey from Douglas, Arizona, and are the guests of her mother-in-law, Mrs. Martha Power of Court street. After a brief visit here Mrs. Power and four of her children will go to Hot Springs, Va., to visit. Later Mr. Power will join his wife and in the spring they will take up their residence on the farm of Mrs. Martha Power near Aberdeen.

Gas Light Talks—No. 52.

A Last Word.

This is the last one of this series of Gas Light Talks.

When we commenced publication of this series of Talks, it was for the purpose, as we announced at the time, of explaining our position and aims with regard to the public service of Maysville, insofar as this company has anything to do with it.

There was, and had for a long time been, a great deal of misunderstanding between the public and this company. It had even been said that we were standing in the way of the development of Maysville. The injustice of this statement would have been apparent to anybody who had stopped to think that only with the development of Maysville can we develop, or who had taken the trouble to observe the actual physical appreciation of the company's property which has been going on under the eyes of everybody.

However, as we have told you, this misunderstanding was due in large measure to misrepresentation, but it was also due, in part, to our policy of going about our own business in our own way, regardless of any statements that might have been made against us.

When the time arrived for us to announce the coming of natural gas and the lower electric rates, we deemed it wise to place our side of the case squarely and frankly before you, in an attempt to clear the atmosphere of the fog of misunderstanding.

These Talks had the additional purpose of securing the public good-will on a permanent basis.

We feel that we have succeeded in what we set out to do. At any rate, we KNOW that all of you who have read these Talks—and we think there are very few who have not—are convinced that we have done our best for the development of Maysville along public service lines.

In spite of all we have had to contend with, the gas and electric service here has been brought to a state of efficiency some years in advance of the city. And this is as it should be.

In order to give adequate service, a public utility should always keep a little ahead of the requirements of its public.

Now, in closing, we want to thank you for the interest you have shown and for the favorable opinions that have been expressed, even by those who, before they understood the situation, were opposed to us.

As we have said before, we want to work WITH YOU for Maysville's advancement. In this way only lies our success as a public service company. Therefore, we say again—

Let's get together.

Maysville Gas Company

Horace J. Cochran, President.
